Question Reality: Cosmos

Question Reality: Matter

Question Reality: Mind

Nov 24, 2024

**Rohit Ravi**

has successfully completed the online Specialization

# Question Reality! Science, philosophy, a search for meaning

Learners who complete this Specialization will be able to: A. Communicate with others about the latest scientific discoveries in various disciplines including cosmology, quantum physics, mathematics, machine intelligence and cognitive science. B. Identify key points in history where scientific advances changed humanity's philosophy and understanding of the nature of reality and our place in the Universe. C. Reflect on and examine their own worldview and identify if any changes occurred during this course. D. Confidently argue about scientific evidence, philosophical viewpoints, and others' interpretations of both. E. Demonstrate how the scientific method works, its limitations, and how scientists use it to construct knowledge about physical reality.

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.

Marcelo Gleiser,  
Professor of Physics  
and Astronomy  
Director, Institute for  
Cross-Disciplinary  
Engagement  
Dartmouth College
